COMMERCIAL USE

Certified in accordance with Machinery Directive 2006/42/EC, part 1 for commercial use.

Remote control included

Airos Eco Design Wall TS #74017

Housing and protective grille silk matt titan silver, fan blade transparent

- Housing and impeller made of impact-resistant plastic, matt finish.
- Powerful DC/EC motor with optimised energy consumption.
- Horizontal 80° oscillation, vertical 53° oscillation (can also be switched off by remote control).
- 5 levels, switchable via soft touch buttons on the fan and via remote control.
- 7-bladed, optimised impeller for best air performance with low noise.
- Fan head tilt vertically adjustable in 3 levels.
- Stable base with rubber feet and wall mount.
- 1.8 m supply cable with Euro flat plug.
- LEDs show selected functions.
- Protective grille can be removed to clean the fan grille and the fan blade.

AIROS ECO DESIGN WALL TS #74017

Housing and protective grille silk matt titan silver colour, fan blade transparent

AIROS ECO DESIGN WALL WE #74016

Housing and protective grille white, fan blade white colour

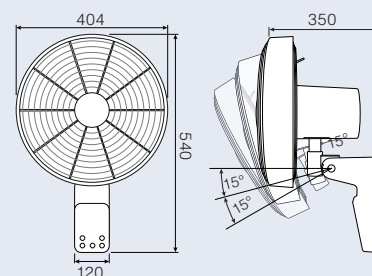

Product	Code No.	Housing	Blade
AIROS ECO DESIGN WALL TS	74017	titan silver silk matt	transparent
AIROS ECO DESIGN WALL WE	74016	white	white

Technical details

Power motor (W)	45 max.	Rpm min ⁻¹	1.220 max.
Voltage (V/Hz)	220-240/~50	Oscillation (°)	horizont. 80 vertical 53
Number of speeds	5	Weight (kg)	3.6
Sound power (L _p -3m) dB(A)	50.6	Sound power (L _w) dB(A)	71.3
Airflow (m ³ /h)*	3,885	Service value (m ³ /min/W)	1.49

Dimensions (mm)

Fan blade Ø	350
Fan grille Ø	404
Cage inclination approx.max.	42°

Ambient temperatur -10 to +35 °C. *measured in accordance with IEC 60879:2019
